Sri Ravindranath Marla receiving The Business Development Award on National Level Basis from Sri Bishma Narayan Singh (Former Union Minister)

Sri Vijay Kumar Shetty receiving the Udayog Bharathi Award from Sri Sunil Shastry. (Former Union Minister)

Starting a business is like Stepping on to a roller – Coaster with no Safety harness. Growing a business in to Successful enterprise is a tough Call requiring perseverance, leadership Skills and a lot of critical thinking. Since there is a steady growth of the hotel and kitchen industry in India due to Strong and steady demand for the related product we could sustain the impact of the economic crisis. We have had an instinctive urge for expansion and growth. This year we have set up a strong foot in the Middle East. Growth is never by mere chance, it is the result of forces working together. I would like to attribute the growth over the past years to our employees who have demonstrated their ability to deliver the best.

Napoleon Hill said “Strength and growth come only through continuous effort and struggle”. In the middle of difficulty lies opportunity. This year we have made a land mark in our export order which has given us a big boost. It is very hard for a Company to stay flexible enough to meet the challenge. I am delighted in the way the Company has continued to innovate it’s way out. The first job of a leader is to define a vision for the organization. As conscientious citizen we want to do what is right and this is the only way to do business.
